"About UNE Library Services" webpage always contains current statistics and information: use for department accreditations and site visits.

Budget

A tad bit tight this year because of a smaller increase; cost/use stats are used to determine renewals of resources.

Projects: BC Library

Ketchum Library will be upgraded starting Dec 13: lower level will be first, then a Lobby Art Gallery will be added to the main level; money is from the sale of paintings a couple of years ago.

Projects: PC Library

New furniture and new study areas in Abplanalp Library on PC.

Programs & Events

Special Collections Dept hosted Bunny McBride for the Donna Loring Lecture on Nov. 7:

DUNE: Digital UNE <http://dune.une.edu/>

Repository for UNE works: current focus is on student master's theses and Special Collections; software within DUNE counts the number of times a document is downloaded.

Student Learning Outcomes: recommendations regarding how the Library can help students are welcome; if faculty have input into these questions, please let Barbara Swartzlander know:

- What SLOs, in relation to Library skills, did you assess this year?
- What METHODS (Direct and Indirect) of Assessment, and CRITERIA for Success did you use to gauge student achievement of these outcomes?
- Findings: What did you learn from your assessments?
- Action Plans: How can the Library use your findings to strengthen student learning in the future?
