Back home [34]

May 25

got the funds

Motherby dear,

Wish I could have stayed longer on the way back, but as it was, we arrived here a little after 11. The speedometer on the Plymouth is a bit off, and we got pinched — just a warning, the cop said. Very nice of him!

I'm still rather sleepy, and shouldn't take time to write any letters because all my exams are coming so thick and fast —, but necessity calls. You must think I'm a wasteful child to go thru my allowance so, but such is the condition. I must pay all bills before I leave, and have not received, as yet, my cleaning bill. I don't know how much that is — coat + dress. Also, how can I leave here on the 25? I wish some relative or friend could

be induced to come, because I have not even a wardrobe trunk to put my stuff in. Honestly — what can't do? I don't know of any other Newtonites finishing this Thursday, but if some one could come for me Friday, it would be wonderful. Of course I can leave a lot, and buy a big box to put much in to send, but that costs so much! If Aunt will would come, I'd love to drive you all back!

Just had my first examination — music — and it was terrible. Now I must concentrate on botany. Please let me know at once — or I'll get a Train ticket or bus ticket. If my exams were later, I'd be getting my June allowance — so let's pretend they do last! Even with U. Y. A. stuff I haven't enuff for my anticipated postage expenses.

The expensive one,

Babs.
