UNE Library Services – Close at Hand, Even at a Distance

UNE Library Services are still here for you! We have an extensive history of providing parallel digital services, content, and infrastructure. We've long been online; we've just had to suspend our in-person services for a while. As we all work through this time of upheaval to help our students succeed, know that we will do our utmost to support our faculty and students with research and course resources.

Online Resources:

A large percentage of UNE library resources are [available online](#): ebooks, journals, databases, streaming video, and special collections materials. Librarians can work with you to locate resources and permalinks for Blackboard or flipped classrooms. Here is some helpful information on [linking to library resources](#). If your course content is only available in physical format, get in touch so we can see if it can be sourced electronically or digitized for your course.

Research and Access Assistance:

[UNE librarians are available](#) for research and access assistance via chat, email, phone and Zoom.

Focused Content & Tutorials:

We offer a [Research by Subject Guide](#) for each subject – these list the best resources for each subject and the subject specialist librarian for each department. We also offer helpful [video tutorials](#) highlighting how to utilize databases, find ebooks, articles, documentaries, newspapers and more!

Please share this resource with your colleagues and let us know how we can help you and your students.

Thanks,

Bethany Kenyon
