UNE Library Services: Facts AND Fun

We're headed toward an unusual holiday break at the end of an unusual year; will you finally have the time for your projects, or finally find a moment to relax? Either way, UNE Library Services can help.

THESES & DISSERTATIONS

POPULAR READING (Physical Books)

POPULAR READING (E- and Audiobooks)

If research projects for you or your students are on the horizon, note that UNE Library Services offers access to [Dissertations and Theses Global](#) (ProQuest). This can currently* be reached within our Databases list and from the Library Resources pulldown on the Library Services homepage. UNE student theses and dissertations can be found in [DUNE: DigitalUNE](#).

**After break, Theses and Dissertations will be an available search tab in our main search box.*

If you're hoping to relax with a book, **physical books** can be browsed in our popular reading section on the main floor of each library near the information desk (before the libraries close for the holiday), or searched directly in the [library catalog](#). Popular **Ebooks** and **audiobooks** can be borrowed any time via the [CloudLibrary](#) download portal. Use your UNE ID number to login and borrow from CloudLibrary; these items require a wifi-enabled device to access the books.

Please share these resources with your colleagues and let us know at the library how we can help you and your students. UNE Library Services wishes you happy, healthy holidays, and we look forward to working with you in 2021!

Thanks,

Bethany Kenyon
