Reserve items are books, articles, or other materials that UNE faculty would like their students to have access to in the Library. Reserve items are often required reading or viewing for certain classes.

Who? - Anyone who has a valid UNE ID card can use Reserve items in the Library.

What? - Supplemental course readings, DVDs, models, and even some required textbooks are on Reserve (see below).

When? - You can check out a Reserve item for 2 hours at a time, for use in the library. Items can be renewed for another 2 hours as long as no one is waiting to use them.

Where? - Reserve items are shelved behind the Circulation desks at both campus Libraries. See staff at the Circ desks to check them out.

How? - To find out what’s on Reserve for your class, check the course syllabus, or, use the Library Catalog. From Library homepage www.une.edu/library click Library Catalog in upper left menu. Choose the Reserves tab, and search by Course or Instructor.

I have heard that all our required textbooks are on Reserve, is that true? - Partly true. While Library Services does not routinely purchase required textbooks for every course, we do try to put any required textbooks on Reserve that we already own. And since many required textbooks are standard texts that we have, we are happy to report that many required texts are on Reserve. To check, use the method explained above, or do a search by Title in the Library Catalog.
